PRODUCTS

SERVICE

All components can be ordered as individual parts,
In small series according to drawing data or as normalies.

COMPONENTS PERFECTLY MATCHING TO YOUR MOLD BASE

Our employees do not only care about your molds. We also have many years of experience in the production and procurement of special components and normalies.

PNS Germany manufactures all mechanical components up to the standard parts suitable for your molds. Save yourself the time-consuming search for cheap and reliable suppliers and ask us for your complete mold base!
